

Advance Infertility Curing Program

Description:

Our centre is one of the best European centres fully certified for IVF. On our clinic we combine top technical equipment with professional medical staff and patient-friendly environment. The extent of our therapeutic services is very wide (gamete donation, , blastocyst cultivation, embryo freezing and cytoplasmic transfer – unique in Europe) and gives us the possibility to offer you very high pregnancy rate with low number of transferred embryos.

The doctor will also, if need be, answer your questions. After you have passed all the necessary procedures and the doctor is sure about the diagnosis, you will be given information about the condition of you and presented the choices you have e.g. assisted reproduction or some other kind of treatment. Further on, you will receive the particular infertility treatment that has been decided to be the best one for you.

Furthermore, spa procedures and advanced cosmetic treatment are also part of the whole process and will hopefully make your stay as comfortable and pleasant as possible.
